

Job Posting

Cornea / Anterior Segment Position

The University of Rochester Eye Institute is accepting applications for a full-time faculty position in Cornea/Anterior Segment. Candidates must be board certified (or board eligible) M.Ds. who have completed a one- to two-year cornea fellowship and are interested in performing a full range of patient care services including transplants and multi-focal accommodating lenses. Duties will also include instructing residents through lecture, clinical and surgical activities. Successful candidates for this position will be able to demonstrate research experience and should be ready to discuss a direction for proposed research activities at UREI. A generous guaranteed salary including start-up funding is commensurate with experience and credentials.

Rochester, NY is a progressive metropolitan area of over 1,000,000 located in the heart of New York State's Finger Lakes Region. Known world wide as a center for optical and vision research, the community boasts safe neighborhoods, excellent cultural, recreational and educational resources.

Interested candidates should submit their CV to:

Steven E. Feldon, M.D., Chair
University of Rochester Eye Institute
